About

Queer Spa Network (QSN) is a group of autonomous Queer artists and healers invested in rest, healing, and pleasure for our communities. We are brought together to exchange knowledge and collaborate on projects that serve our values and build empathetic communal relationships with our body, the land and waters, and one another. Queer Spa Network meets on a monthly basis to discuss topics centered around care, disability, bathing; organize regular bathing outings; and organize public community wellness projects. Queer Spa Network's core team consists of **Leo Alas, Carol Zou, Xixi Edelsbrunner, Ada Runge, Lindsey Morris, and Mel Liu.**
